

SENIOR ACCOUNTANT CONSULTANT

Grandin Solutions is a regional consulting firm assisting some of the most recognized companies in greater Cincinnati and beyond to achieve their goals and accomplish projects. As part of our phenomenal growth, we are adding a Senior Accountant Consultant to our team. In this role you will assist our clients with meaningful work in accounting, finance, controls, and systems to deliver on key initiatives. This work will capitalize on your experience delivering effective financial processes and controls while managing change events such as acquisitions and system implementations.

Would you like to be a part of a consulting team that is viewed as a trusted business partner to our clients to solve problems? Do you thrive in solving complex challenges with a customer service mentality? Do you enjoy change and constantly learning? If so, join us to help grow a business and make a difference in the greater Cincinnati community ...and have fun in the process!

KEY RESPONSIBILITIES

- Work closely with our clients' executives and management to drive financial objectives, provide timely accounting data and reports, and drive key financial objectives.
- Participate in the month-end accounting close process and ensure accurate and timely results are delivered in accordance with GAAP.
- Analyze client financial data to identify trends, opportunities, and issues that will impact the business and present those to leadership with data to support decision making.
- Understand proper internal controls and make practical recommendations to improve our clients' systems of controls.
- Work closely with business leaders as a trusted partner and valued advisor providing excellent customer service.
- Ensure project timelines and goals are met while providing value-added recommendations to improve the business.

BASIC QUALIFICATIONS

- Bachelor's degree in Accounting, Finance, or related Business area
- 3+ years of professional experience in public accounting and industry serving mid-size to large corporations
- Deep knowledge of Generally Accepted Accounting Principles (GAAP)
- Expertise in general ledger accounting, month-end close, financial statements, reconciliations, and variance analysis
- Advanced MS Excel skills
- Experience working in ERP systems

PREFERRED QUALIFICATIONS

- Master's Degree
- CPA, CMA, CGMA
- Excellent written and verbal communication skills

- Ability to build relationships and trust across all levels of the organization
- Organized and pragmatic, thriving in a results-oriented environment

We offer an entrepreneurial environment with a strong sense of team and an excellent compensation package.

- Competitive pay package
- Exceptional benefits
- Paid Time Off
- Paid holidays
- Employer-matched 401(k) plan
